INTRODUCTION

EXECUTIVE SUMMARY

Pioneer Mining Services (Pty) Ltd is a women-led mining and supply company founded by Masego Letanke. The company delivers efficient, reliable, and high-performance mining solutions tailored to meet the evolving demands of the mining sector at large across Africa

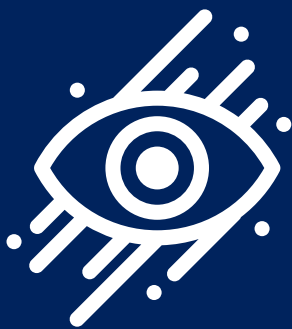

Built on innovation, operational excellence, and strict compliance standards, Pioneer Mining Services provides integrated mining support and material supply services with a strong focus on safety, quality, and productivity

With a forward-thinking growth strategy and commitment to sustainable development, the company is positioned for long-term success and regional expansion

Pioneer Mining Services differentiates itself through agile decision-making, responsive service delivery, and strict operational discipline. As a Level 1 B-BBEE contributor and 100% Black Female Owned enterprise, the company provides clients with both technical capability and strategic procurement value. Our lean structure enables faster turnaround times, cost control, and direct executive oversight on all projects.

VISION, MISSION & **VALUES**

VISION

To become a leading, world-class mining services partner recognized for operational excellence, innovation, and integrity – empowering communities, advancing industry standards, and delivering sustainable growth across Africa.

MISSION

To deliver safe, efficient, and high performance mining and supply solutions that drive operational excellence, maximize productivity, and create sustainable value for our clients, stakeholders, and communities.

VALUES

Sustainability

We integrate environmentally responsible practices into our operations by reducing environmental impact, promoting resource efficiency, ensuring regulatory compliance, and supporting long-term environmental sustainability through continuous improvement, responsible waste management, and a commitment to protecting natural resources for future generations.

Safety First

We are unwavering in our commitment to the health, safety, and well being of our employees, contractors, clients, and the communities in which we operate. Safety is embedded in every aspect of our operations.

Innovation

We leverage modern technology and smart systems to enhance efficiency and performance.

Integrity

We conduct all business with transparency, honesty, and the highest ethical standards. Accountability and trust form the foundation of our relationships.

Excellence

We are committed to delivering superior service through precision, discipline, and consistency.

WHAT WE DO

- ✓ Underground Mining
- ✓ Supply and delivery
- ✓ Conveyor and Engineering
- ✓ Surface mining
- ✓ Project Management

Underground Mining

We deploy skilled teams supported by modern equipment and strict safety protocols to ensure optimal productivity, minimal downtime, and cost effective operations

WHAT WE DO

Supply and Delivery

Our supply chain network enables fast procurement, reliable sourcing, and on-time delivery to minimize operational disruption and support continuous mine production

Conveyor and Engineering

Our engineering solutions focus on durability, precision installation, and reduced maintenance downtime, ensuring long-term operational efficiency.

WHAT WE DO

Project Management

Projects are delivered through structured planning, performance tracking, cost control, and transparent reporting to ensure measurable results and accountability.

Surface Mining

We provide reliable surface mining services, including overburden removal, excavation, site preparation, hauling, and material handling. Our experienced team utilizes modern equipment and industry best practices to ensure safe, efficient, and cost-effective mining operations while maintaining environmental and regulatory compliance.

KEY SERVICES

PRIMARY SERVICES Underground Mining

Drilling and blasting, underground mine development, LHD operations, ventilation and cooling, electrical and mechanical services, roof support, dewatering, transport and maintenance services

TERTIARY SERVICES Conveyor and Engineering.

Conveyor belt installations, extensions, rehabilitation, pulley lagging, steel fabrication, pipe work and skilled labour supply

PROJECT MANAGEMENT

We oversee and coordinate mining projects with strategic planning, disciplined execution, and performance-driven control to ensure successful delivery.

SECONDARY SERVICES Supply and Delivery.

Fasteners, tools and equipment, PPE, bearings, seals, power transmission components, valves and industrial consumables

HEALTHY, SAFETY & COMPLIANCE

All operations comply with the Mine Health and Safety Act, Occupational Health and Safety Act and client-specific safety systems. Work is executed using approved risk assessments and method statements.

TARGET MARKET

Pioneer Mining Services provides support to:

- Platinum Mining Operations
- Chrome Mining Operations
- Gold Mining Operations
- Open-Pit and Underground Contractors
- EPCM Firms
- Industrial Processing Plants
